

## HUMAN SCIENCE AND COLLEGE PREPARATION COURSE

**Thinking of pursuing an education in Massage Therapy?**

**Is the thought of becoming a student again intimidating?**

**Adults returning to school often ask themselves, "Can I do this?"**

The Human Science/Prep Course will help you to develop your skills in preparation for the first year curriculum at OVCMT. The time management and study skills classes offered will prepare you to reach your educational goals.

Positive feedback from our first year students and graduates indicates the Prep Course has well equipped students for their first year at OVCMT. The course content is designed to support you in your transition to full-time education.
