

Massage Therapy Instructor- Engaged, dynamic, rock star! Do you want to engage students with your passion for the human body? Do you have excellence to impart? Tired of a long commute? Do you want to live in paradise?

At Okanagan Valley College of Massage Therapy, in Vernon, BC, we educate the massage therapy leaders of tomorrow. We offer a creative, dynamic work environment with a collaborative student centered approach.

We are currently recruiting for: Clinical Massage Therapy Instructor.

Clinical Theory and Practice is a senior level synthesis class running 3 times a week, encompassing palpation, applied musculoskeletal theory, assessment and massage therapy treatments for various pathologies of the body. This class includes orthopedic testing for differentiation and confirmation of clinical impression, and incorporates the use of all theory and techniques taught prior to and in conjunction with this class including Joint Mobilization, Neuro Muscular Therapy, Hydrotherapy and Therapeutic Exercise.

Qualifications: RMT with broad professional experience and preferably post secondary teaching experience. Familiarity with all clinical and oral practical CMTBC resources. Rigorous knowledge in the above subject areas, including an awareness of, and interest in evidence based practice. Training in adult education theory and technique is an asset. Participation in continuing education in adult learning such as PIDP required.

For over 23 years, OV college of Massage Therapy has graduated excellent registered massage therapists. We are committed to providing the highest possible education in massage therapy in a supportive, positive environment where students develop the knowledge and skills essential to becoming registered massage therapists. We integrate academic content, practical skills, research and the application of critical thinking.

As part of our team you would have the flexibility to pursue work-life balance, or additional practice commitments.

Come for the Job, stay for the community.
