Fax: 250-558-3748

### *Location*

Okanagan Valley College of Massage Therapy  
#200, 3400 - 30th Avenue  
Vernon, BC V1T 2E2

**Recommended prerequisite: Fascial Mapping and Treatment**

## Workshop Overview

Visceral dysfunction can create symptoms throughout the body through fascial restriction, neurohormonal dysfunction, and neurological dysfunction.

This workshop will help you:

- Locate and treat visceral restriction in the thorax, abdomen and pelvis
- Learn to use treatment of viscera to improve range of motion
- Extend your career by straining your body less in treatment

The easy-to-learn tools taught in this workshop will let you add visceral assessment and treatment to your practice right away. Improve your results with your patients, and expand the scope of functional issues that you can effectively treat.

**Register now, space is limited.**

**Sheryl Hamilton** has been an RMT for 20 years, and has taught massage therapy and related sciences in New York, NY and Vernon, BC for almost 10 years. She brings a deep understanding of living human anatomy and a curiosity and fascination about the healing process and how best to facilitate it.
