Hi heather, hope all is well. I will have space in my apartment to rent out my spare room/bathroom for a student in august/sept for move in! I was hoping you could post this for the new students! :) thanks so much!!

-Teigan

2 bedroom 2 bathroom apartment. I'm on the 4th floor, it's a pet friendly building so very well insulated and quiet. Also we have a gym on site! I would be in the on suite and you would have the spare bedroom and bathroom to yourself. I'm about 5 minute drive to the school, very convenient area! I was the first to live in the apartment so they're brand new! We have a nice patio as well! I have a pug named benson! He's quite the character. I'm a graduate from OVCMT so I understand the need for quite study time and I'm open to any questions you have! If you'd like to come see the place my number is (250) 307-0118 and email teiganlaelmoore@outlook.com

I've attached some photos from their website, so you can see. My roommates are moving out so they're stuff will be out and the apartment will look a lot different then it does now :)

Rent is \$700 plus utilities (which are usually 30\$ every 3 months) I will be paying a bigger chunk of the rent since I'm in the bigger room. Hope to talk soon.
