

## **RMT Locum Needed – 4 month placement**

Busy practice in the heart of Nelson, BC is looking for a full time Locum this winter.

This is an excellent opportunity to experience Nelson's winter playground and try out being a Nelson health professional. For a new RMT this may be an opportunity to jump into busy practice with the support needed when beginning your new career!

Opportunities may be available for someone who wishes to continue on after the spring...

**When:** Between mid November to end of March. Dates are flexible for the right candidate.

### **Qualifications:**

The locum candidate must be grounded in assessment and myofascial work. The locum must have a mature demeanour and be comfortable working in a manner calming to the nervous system while still being therapeutically effective.

Must be insured and a Registered Massage Therapist.

Other skills of asset at this practice are crania-sacral work, muscle-energy, and visceral massage techniques. I can provide some mentoring in these aspects for those with interest.

### **What is Included:**

- Use of a fully equipped office and supplies
- Client files and forms, as well as online booking services
- Website posts and promotional material for your entry to the practice
- Sheets and oils - you are welcome to use your own if preferred
- Mentoring during on-boarding to help familiarize with the practice and clientele so seamless support is provided for the clients
- A level of ongoing check-in and supervision will be available when in the position

### **Cost and Profit Sharing:**

Business income will be split 70/30. The 30% must include a minimum of \$250 per week, up to a maximum of \$500 - that is a minimum of 8 clients per week and anything over 15 clients a week the locum will keep 100%. Further details can be discussed.

A \$400 per month rent for clinic space must also be paid.
